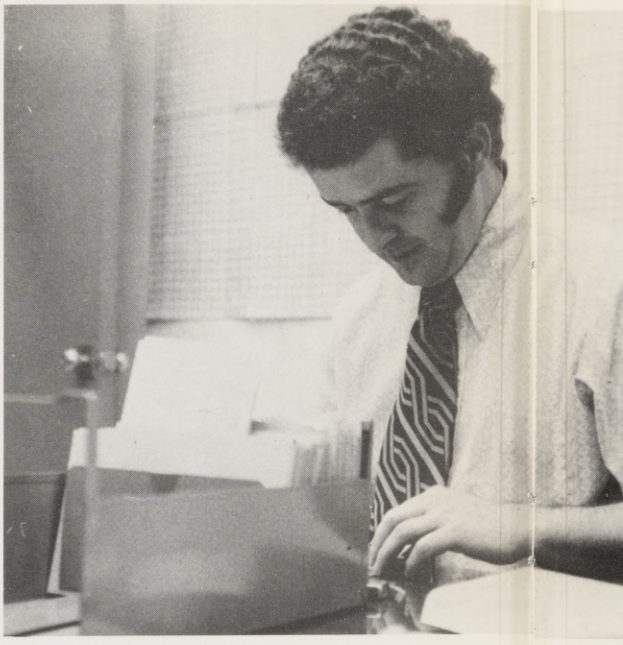
1971-72 Students — First To Put Flexible Schedule

Head Counselor Monroe Smither and Instructional Vice-Principal Jane Wilson spent a lot of time and effort during the program planning for flexible scheduling. Miss Wilson worked right through the summer and then took a month vacation in September due to utter exhaustion.



Hal Holtz, Head Counselor at Kennedy High School, who is a whiz on flexible scheduling, replaced Miss Wilson during her leave of absence.

"U'ma Hashem doresh Me'imcha," "And what does Hashem demand of you?" "Ki im asos mishpat," "Only you practice justice," "V'ahavtah chesed," "and love mercy," "V'hatzne'ah leches Im Elokechah," "and walk h with y

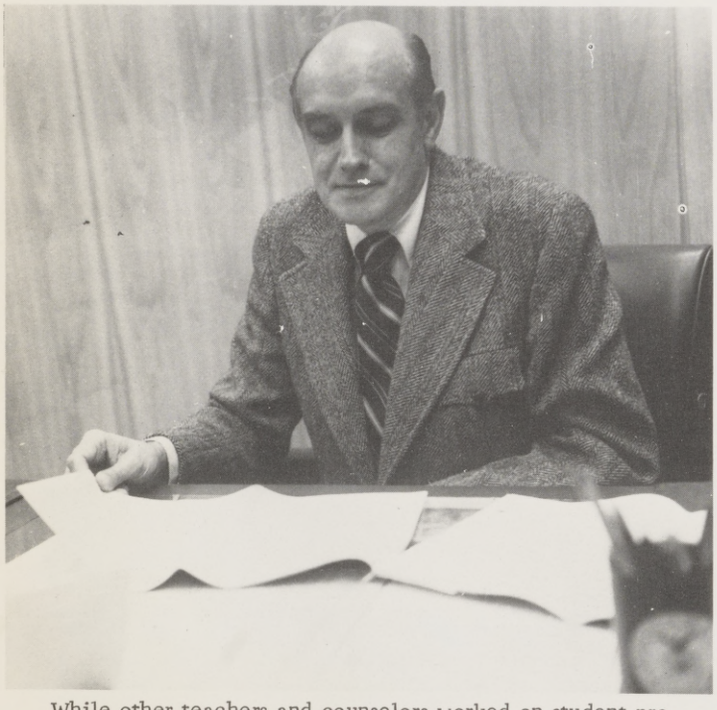
We're Believing



While other teachers and counselors worked on student programs, Principal Robert France contributed by helping to plan the Master Schedule.

It was not only students who were totally confused with flexible scheduling at the beginning of the year but also the teachers, - as Mrs. Swanson's dismayed expression demonstrates.

Students begin their day with Homeroom where the pledge of allegiance is said, the day's announcements are heard, and attendance is recorded.

Homeroom is the only part of the school day when the mall is empty; after that, it is constantly crowded with students passing between classes.

After losing to Berkeley (92-90) in ACAL Play-off Championship, the Oilers left for Gridley the following morning, where the runners-up of the League Play-off Championships go to play in the annual Gridley Invitational Basketball Tournament. The Oilers (2 team members to a home) were guests in different homes of Gridley residents during their visit. The Oilers, though winning their final two games lost their third to Castlemont, thus placing Richmond second in the tournament and producing two all-tourney players, Willie Jackson and John Allen. Congratulations, Oilers, on a fine season!

We Dedicate The 1972 Shield

Who has not seen him circling the mall, absorbed in a book? We mean that kindest of counselors, truest of gentlemen, Mr. Monroe Smither. He is probably reading a Western; he walks because his doctor told him to. Still, he will stop and talk to you, if you ask him, and listen to your woes as if you were the most important person on earth. This warm attention and inborn courtesy are what we love about Mr. Smither. We also love his twinkle, his soft voice, and his willingness to rescue us from anything. His mother should have named him Gabriel, after that archangel. But she didn't. She named him Monroe. But his father called him Bud. So does everybody else.

Bud Smither was born in the Ozarks back in Arkansas. But from age five, he lived with his folks on their Oklahoma farm. Here Bud fished in the North Canadian River, hunted, and went to a nearby two-room schoolhouse. He was sixteen when he graduated from Shawnee High School and entered the University of Oklahoma. At the end of his Freshman year he came to California. For a while he worked in a Turlock supermarket. He attended U.C. at Berkeley. In San Francisco he was a Greyhound mechanic at night and an A-student at San Francisco State by day. He surfaced with an A.B. in one hand, an M.A. in the other, superbly educated and trained to teach. Richmond High got him in 1954 as a substitute teacher and in 1955 as a regular one. His subjects were Auto Mechanics and Drafting. Ten years later he became a counselor.

But long before most of these events, in 1943, Bud had acquired Mrs. Smither, his beloved Margaret. They have two sons, Dennis, the father of four-year old Neal, upon whom they both dote, and Neal, presently attending Chico State. They also have Bud's mother and father, sisters and brother, in San Joaquin Valley. Plainly, Bud is knee-deep in family and tightly held by bonds of affection.

As you might have guessed, Mr. Smither proved to be a wonderful, playful, easy-going father, leaving the scoldings to Mrs. Smither. Through the years he has hugely enjoyed not only the antics of his sons, but the pleasures of carpentry and mechanics. At the present, however, he delights in spending his free time as a doughty, latter-day prospecter, panning for gold in the streams near his Placerville cabin.

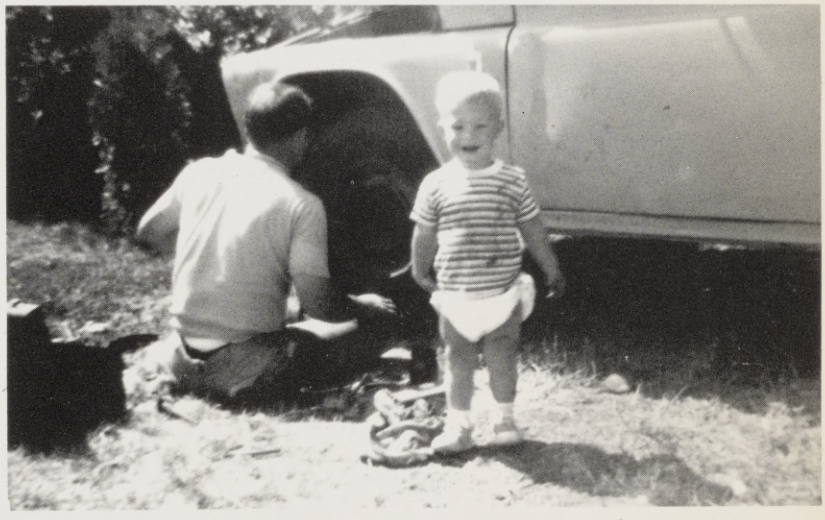
Whether Mr. Smither finds enough gold to fill only his teeth or to fill the vaults of Fort Knox, we know that he need not worry about his heart. THAT is already the purest, solidest gold we know of. And that is, after all, the main reason why we, the Class of 1972, dedicate our Shield to him. He will never know with what true pride and perfect affection we stake our claim.

To Our Kindest Of Counselors

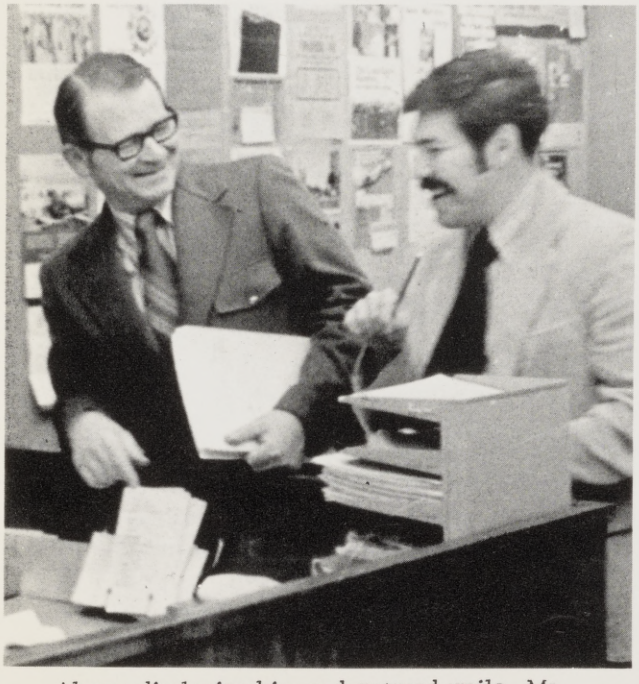
Our honored one begins his school career when he reaches the ripe old age of 6.

Margaret and Bud Smither celebrate their first wedding anniversary by going to the local photographer.

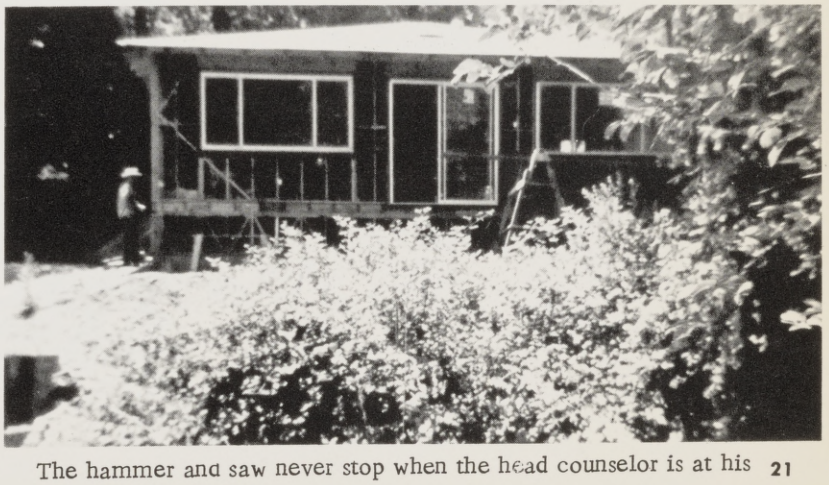
During their early years, Dennis and Neal Smither keep Dad busy.



Now Mr. Smither finds great delight in visiting and entertaining his grandson.

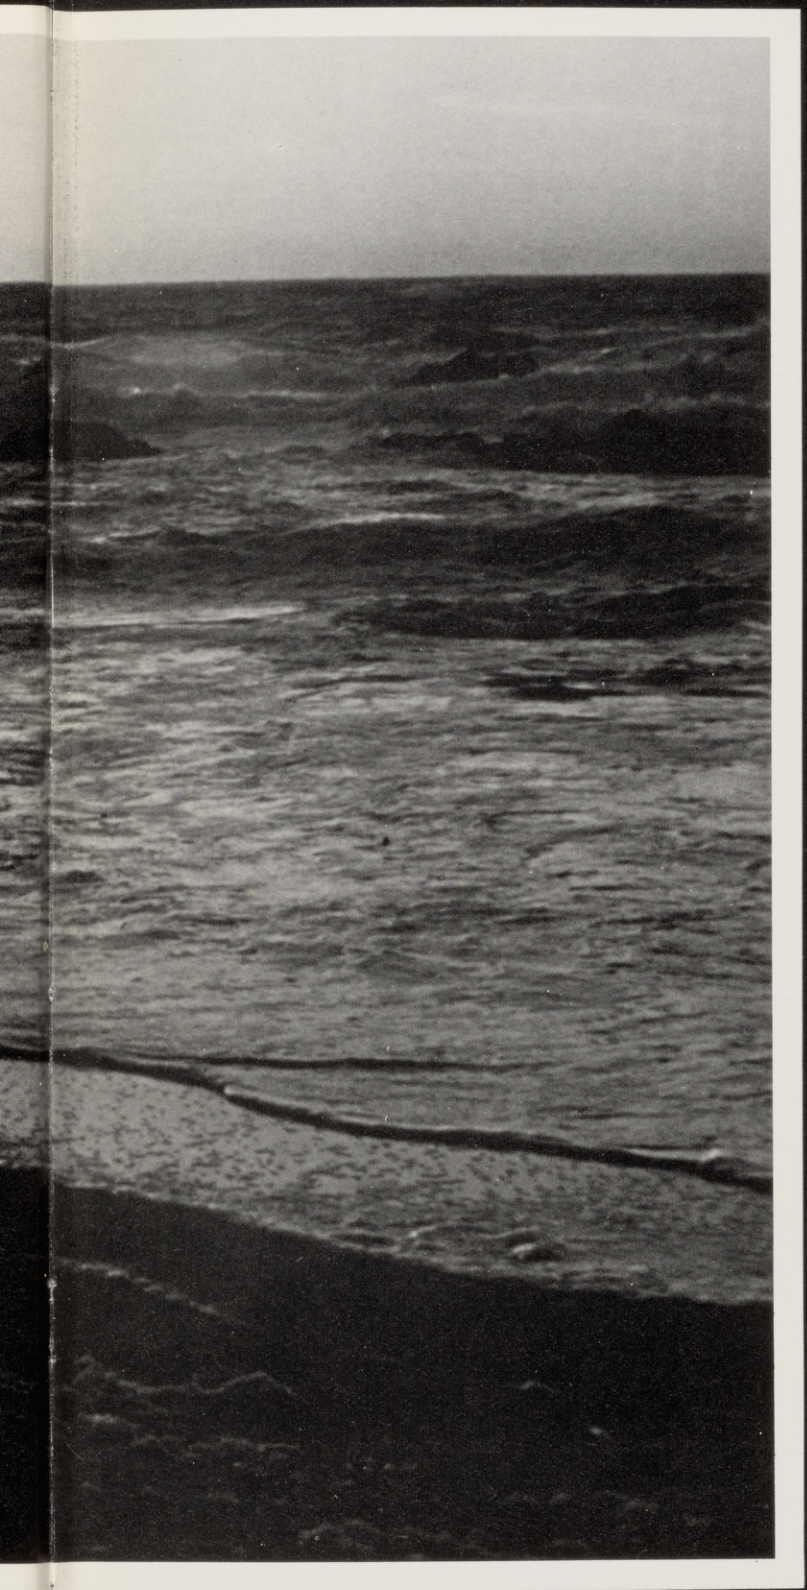


Always displaying his good-natured smile, Mr. Smither chats with his colleague. Mr. Gonzales.



The hammer and saw never stop when the head counselor is at his cabin in Placerville.

We Present A New Dawn



Foreword

Everyone today has noticed a lot of changes,
Things we were accustomed to may no longer be,

New things have been happening, old things
have disappeared,

And other things are modernized, to meet our
present needs.

But it seems only recent that new things have
been accepted

And people have been willing to change the
ways of old,

But we're not forgetting our old ideals,
As much as we're realizing the need for new ones,

And we're not leaving yesterday,
As much as we're going on to a new tomorrow,
and a NEW DAWN.

ADMINISTRATION

Where have we gone, or —
Where have we come?
The fashion world changes
and with it we, too —
A new time strikes fast
We change in our ways.
Our thoughts, dress, and ideals may alter — yet
We, as individuals, remain essentially the same.

Our Principal Directs

ROBERT B. FRANCE
Principal

B.A., University of California; M.A., San Francisco State College; Social Science, English teacher and Forsenics Coach at Bakersfield High School and Richmond High School; Head of Social Science Department, Counselor and Dean of Boys at Richmond High School; Instructional Vice-Principal and Principal at Harry Ells High School.

TO THE SENIORS:

As you come to the end of your stay at Richmond High School, I hope you will remember the good times, the many lasting friendships, the opportunity to learn, the privilege of having spent two years in one of the best educational facilities in California, and the chance to be a part of the new but experienced approaches to learning.

You have helped to carry on the traditions of Richmond High School with your classmates and with the alumni before you, and you have established new traditions that will be shared by those that follow you.

The success of this nation depends on your meeting the critical challenges we face with a positive response. Today's America needs your involvement and we are confident that you are prepared and willing to be involved.

Accept my sincere good wishes,

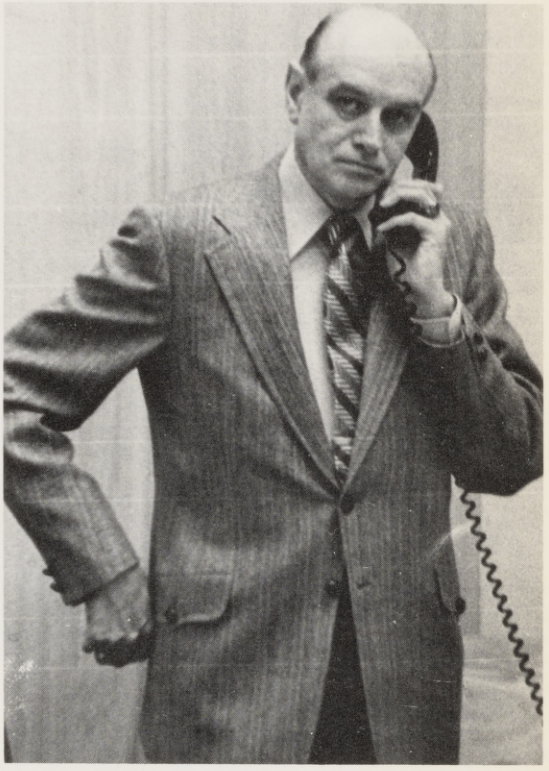
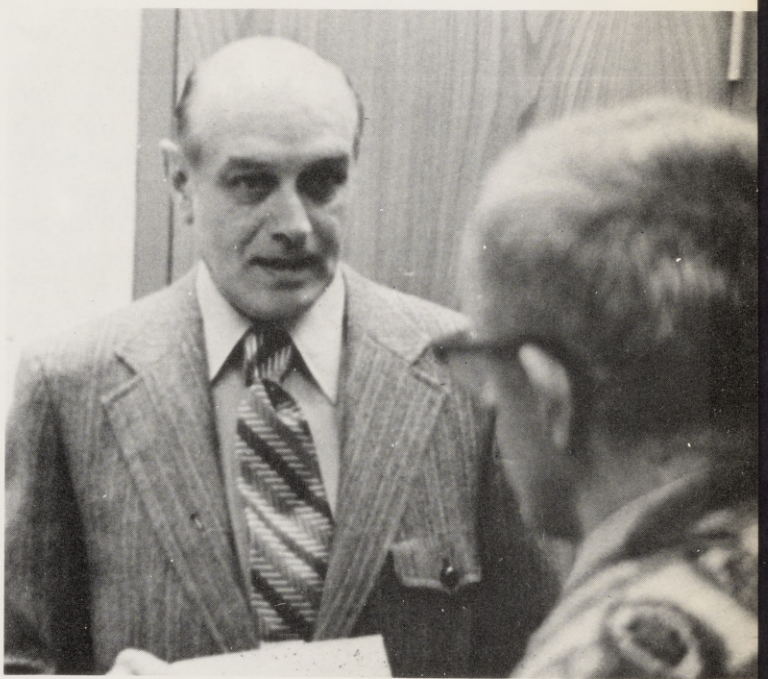
Modern Educational System

Mr. France settles several issues daily with his administative staff. Here Principal France discusses a vital issue with Administrative Vice-Principal Peter Ruffatto.



One of the many duties of our principal is to conduct business on the telephone.

Mr. France gives instructions to Mrs. Robbie Hughes, one of his secretaries, about a student's transfer.



Principal France even crowds in a picture for the Independent, the local newspaper, as he chats with Photographer Bob Forrestburg.

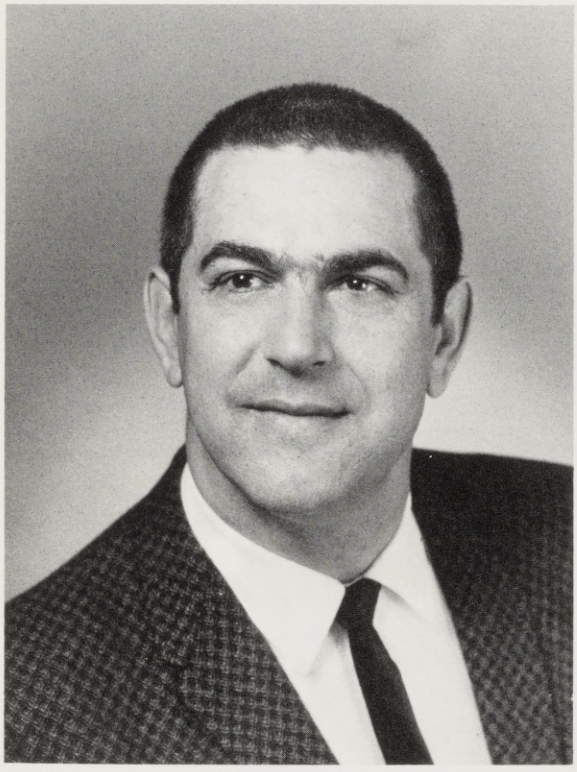
Deans Offer Seniors Congratulations And Advice

MRS. DEE MERRITT
Dean of Girls
B.A., University of California; M.A., California State at Hayward

TO THE CLASS OF 1972:

Young people have long demanded the freedom to make their own decisions about life as they begin their adult years. This year, students have had a unique opportunity to make important decisions with long-lasting influence on their futures. For Seniors, the proven ability to make good decisions as high school students, and particularly this past year with the new freedom of flexible scheduling is suddenly very real. The deserved pride they feel as they take their last steps across the stage can be shared by all other young people at Richmond High School only if others choose as wisely and use freedom as well as our graduating Class of 1972.

Dee Merritt



MR. FRANK KOCSIS
Dean of Boys
B.A., Montana University; M.A., San Francisco State; Teacher of World History, U. S. History, and P.E.; Counselor, Football Coach

TO THE CLASS OF 1972:

Congratulations to the Class of 1972. These past four years at Richmond High School, I'm quite sure, have been pleasant, exciting, challenging and successful years. You have not only upheld and maintained the traditions of this school, but have also encountered difficulties and problems along the way, arrived at many personal decisions which have affected your life one way or another, made individual adjustments when the necessity arose, and have finally left your mark as an Oiler.

As graduates, you will be entering a period of great challenges and of great expectations - a period that may well be one of the most exciting in which to live and one of the most constructive in which to participate in. I am sure that each and every one of you will give a good account of yourselves and leave your mark in the unknown destines that await you.

I personally want to wish all of you well and look forward to your future achievements with the greatest of expectations.

Good Luck and Good Fortune.

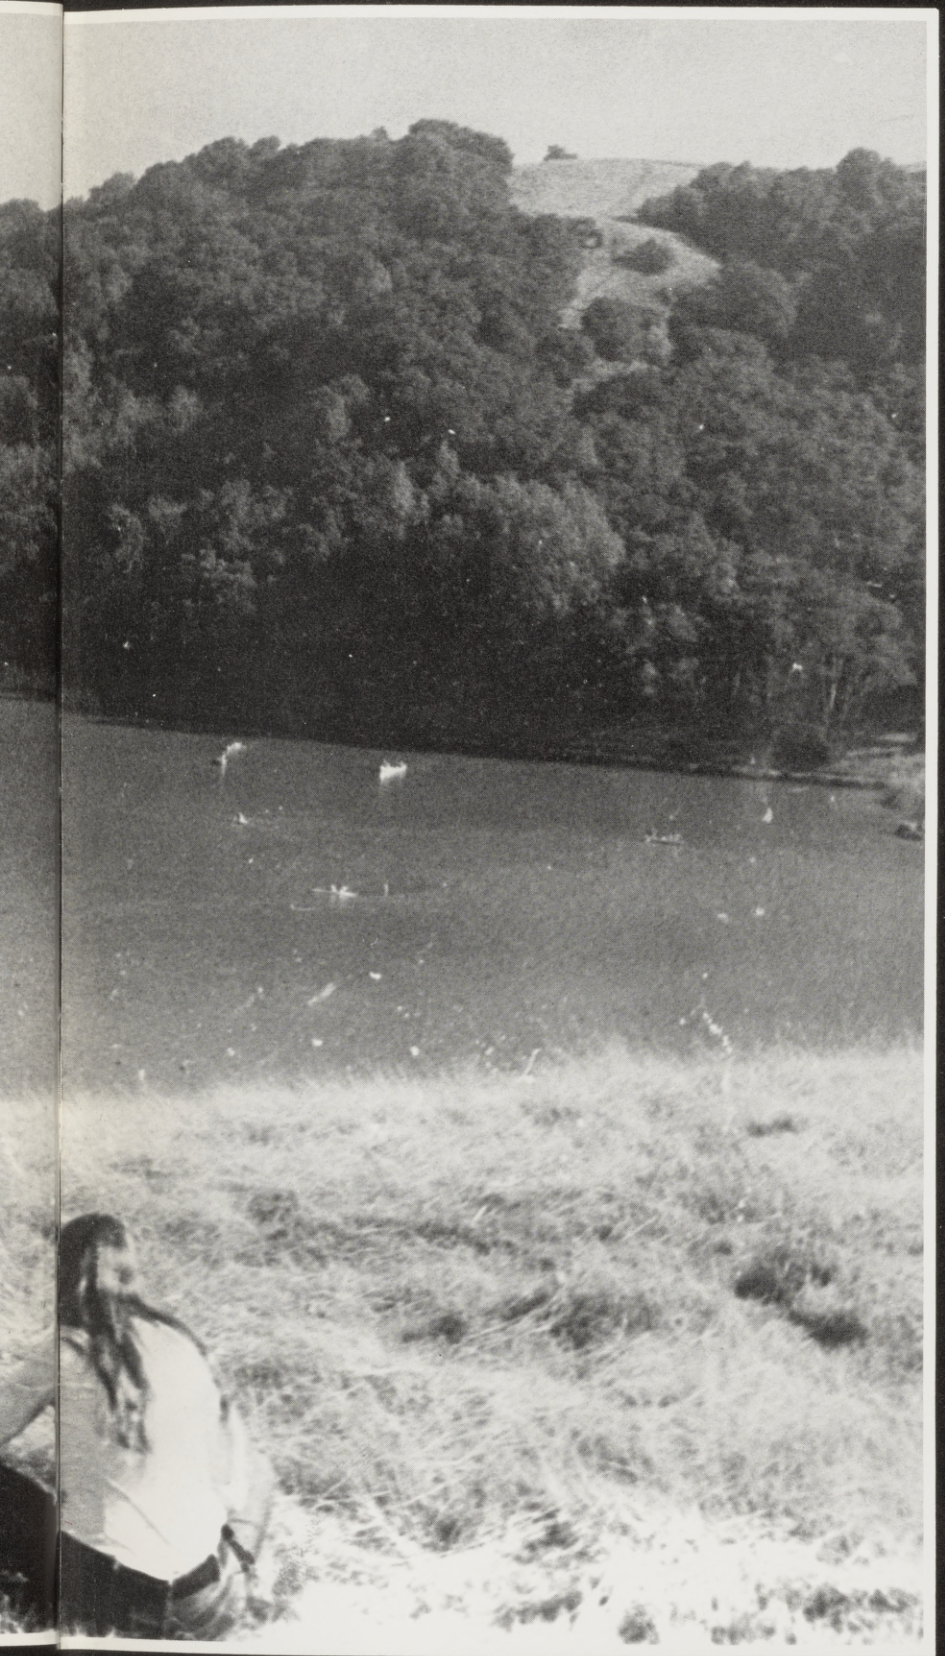
SENIORS



You approach a time in your life
When your mind is not too clear,
A time when the only life you know is over,
You should have reached your own new dawn.

It's a time to be alone, and organize your thoughts.
A time to reflect and remember,
And more important,
A time to plan your fast approaching future.

Four Graduates Become Independent Students Of Week

DORIS CHAN
February 16th issue

Each week the Richmond Independent, the local daily newspaper, recognizes the top students in the Richmond Unified School District by placing a picture and an article within its paper describing the student's past activities and accomplishments along with their future goals.

The students are selected on an academic basis. Administrative Vice-Principal Peter Ruffatto and a committee of teachers are interviewed and asked to comment upon the particular student's achievements and attitudes.

To be selected as Richmond High's student of the week is a great honor and achievement. These four students have worked hard throughout their school years and are most deserving of this recognition as students of the week.

"But it's a bed!!!" Yvonne King, Mike Smith, and Dwaine Gray were involved in "A Funny Thing Happened to Me on the Way to the Y.W.C.A."

The entire cast of the 1972 Senior Gaieties, one of the largest to ever perform, prepares to enact the finale of the show, which included a side show, which was accompanied by songs from the chorus and cast.

"With A Little Help From My Friends"

The cast gathers around Miss Dorothy Eachus, director of the entire show, to congratulate her on closing night. Miss Eachus, as well as Miss Helen Wagley and Mrs. JoAnn Morris, receives a bouquet of red roses, all tokens of appreciation from the Senior Class for the work and long hours these teachers gave to the Class of 1972.

Everyone stands up to sing "With a Little Help from my Friends," the theme of the show. The Gaieties was four months in planning and many hours were given by devoted Seniors.

The apparent hit of the show was "Cinder Fella." The cast of this includes: Alvin Ford, Barbara Reed, Michael Fulmore, Shari Bristo, Freddie Evans, Marlowe Williams (in the title role), Earl Freeman, and Ronald Young.

We're no longer afraid to do our part.

Let's hope we awake in time,

ACTIVITIES

People are coming together,
and becoming part of one another,
Talking, and more important listening,
Strumming out the new sound to be heard.
The new dawn has taught us to share our lives,
To give away some minutes of our time,
In the end, isn't that all we really possess,
Good times, friends, and memories?

Sandy Brings A Bit Of

Alessandra Galbiati, who has been the American Field Service exchange student for the 1971-72 school year at Richmond High, comes from Monza, Italy.

The following is Sandy's, as she has been tabbed at RHS, thanks and version of her stay in the United States.

I really feel that I want to thank everybody for the experience, happiness, and everything I have had here. First of all, I owe a lot to the deCassias, the Weavers, and Miss Kathleen McCarthy, AFS advisor.

My year at Richmond High has been a very rich experience. I liked the design of the school, but I cared more about the friends I have made here. I enjoyed everyone I met. The teachers are real friendly and very interested in the students.

I enjoyed the jazz band, the girl scouts, all the school activities, and I am happy being an AFS'er. Thanks to all of you. I must say I love San Francisco and I hope I'll be back soon to see everybody.

THE deCACCIA FAMILY.

Sandy writes a letter home, which she does quite frequently.

Studying her chemistry, the exchange student sits quietly at her desk.

The one and only ... ERIK!!!

Can psychology and ecology be linked together in solving a little problem in a school cafeteria? This was the question that evolved into a psychology project for students of Mr. J. Sakai's class. Students attempted to solve the problem through an idea which came to be "Erik." Anti-litter jingles in the morning, posters, and articles in the school paper were the means of advertising "Erik."
Through a survey taken by the class it was discovered the 98% of the students at Richmond High heard of "Erik."

ADVERTISEMENTS

A new dawn has arrived,
Along with it came new values,
And the dollar has lost, as usual,
a little in value.

As with all things, however,
This can be counted a blessing in disguise,
For we learn to be philosophical and
to make do with what destiny brings.

WHY?

Because they are men who have a rare capacity to give so that others, in all walks of life, can continue to take their rights for granted.

WHO ARE THEY?

Of the over 5,000 young men who were awarded four-year scholarships from 1965 to 1970

92% were in the upper 20% of their class.
53% were presidents of their student bodies or were class officers.
18% were editors of school publications.
61% were varsity letter winners.

Let us make you a better leader

You've bundled up
your dreams and are
marching into
tomorrow,

And all the new things
are waiting for you
there,

In just a few hours,
the morning will be
with you,

And you'll be where
you're headed for
right now.

You will have reached
your final destination,

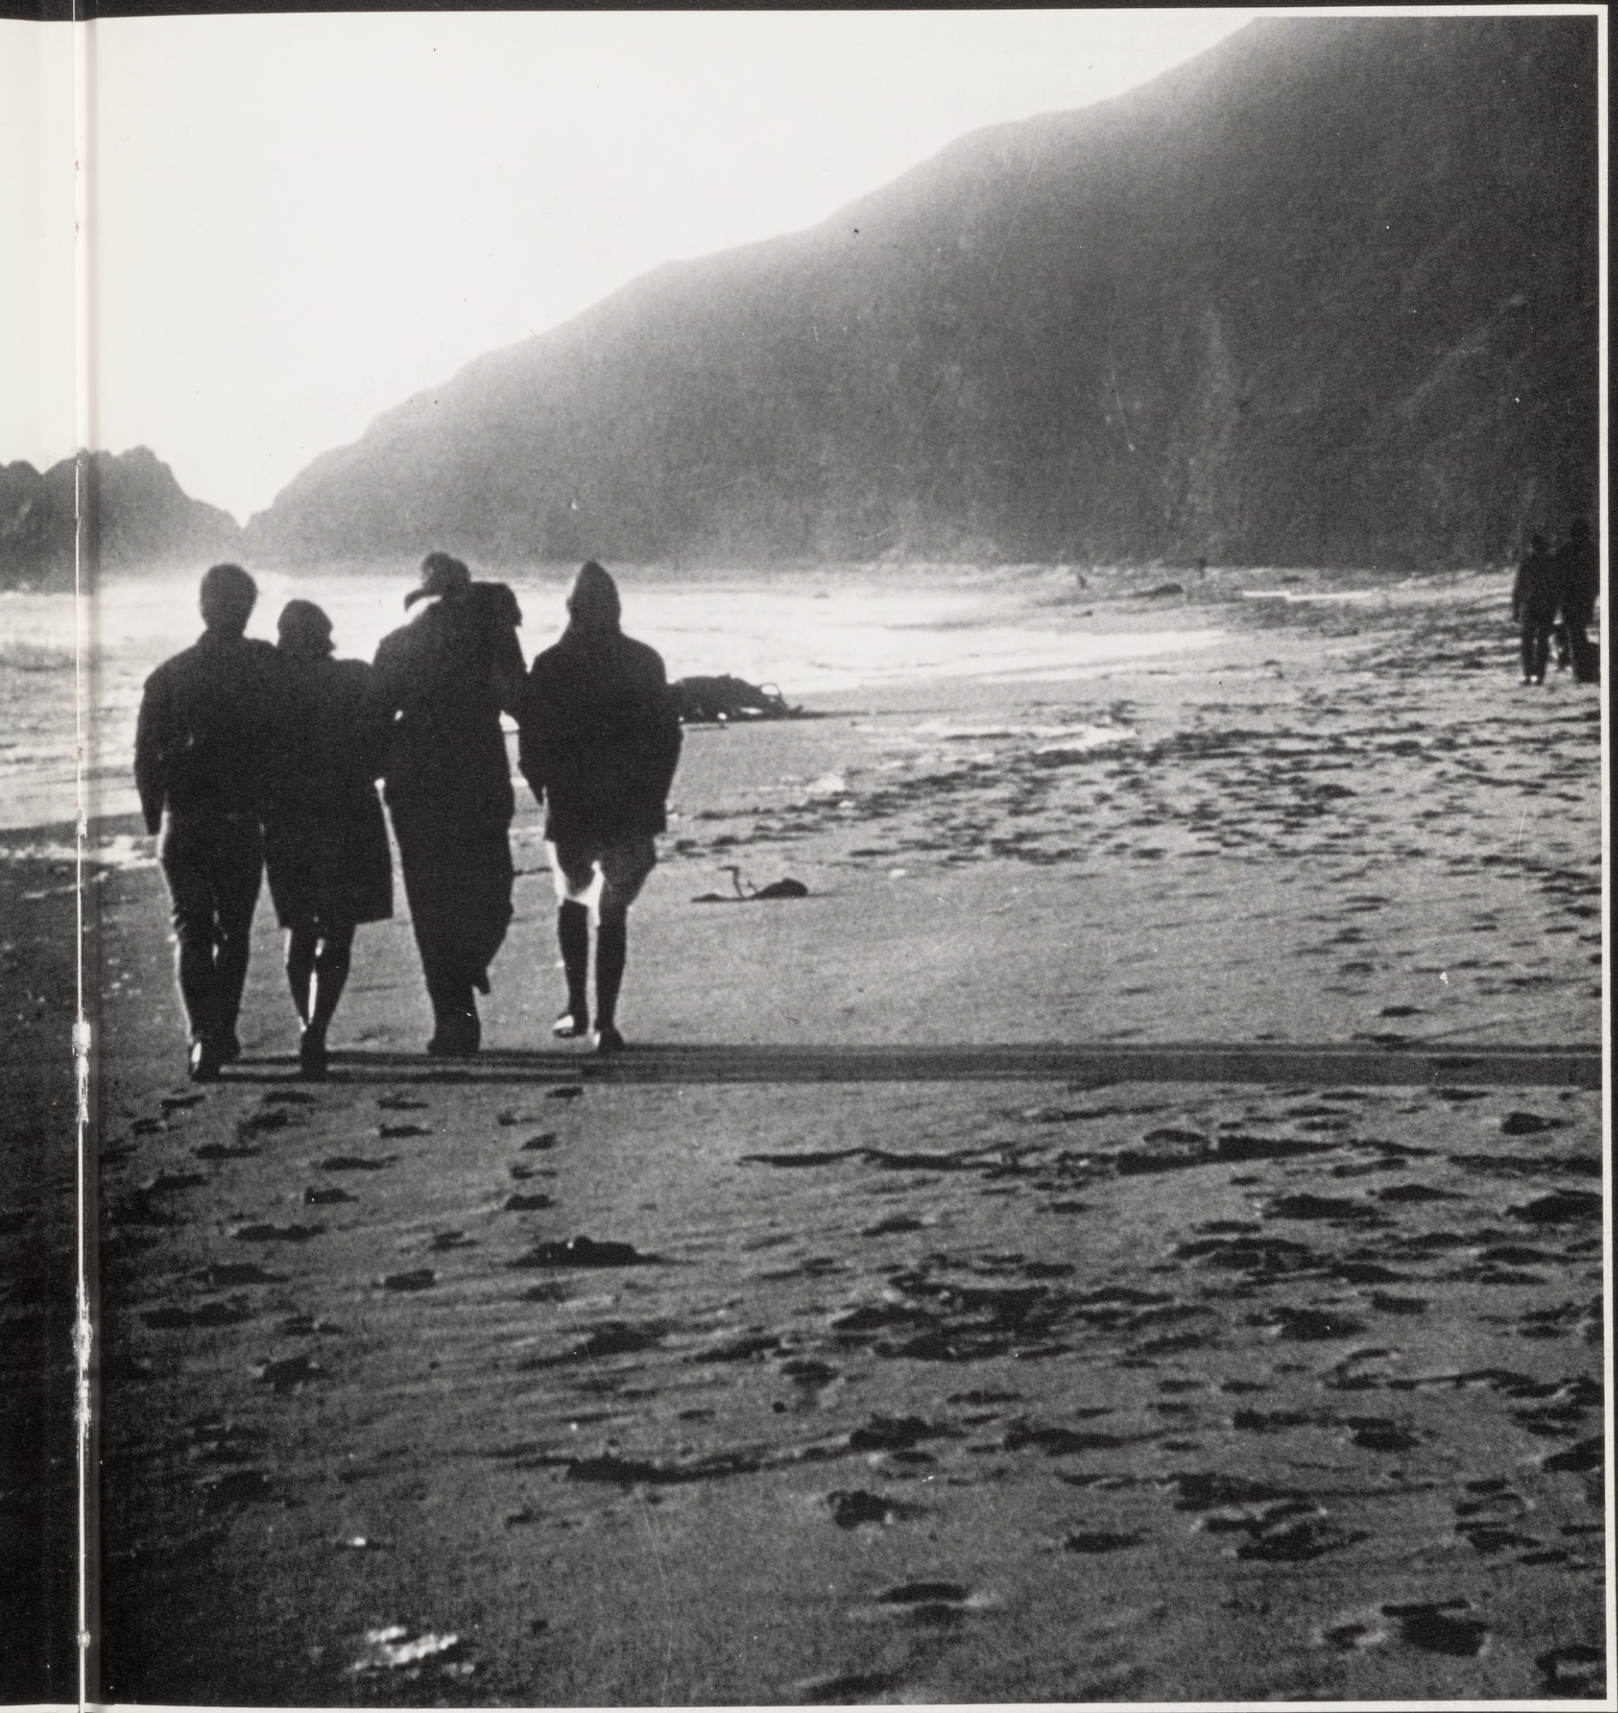
A changed and better
world, that's always
been your goal,

So keep on walking
through the sunset
and the darkness,

Until you see what
you've been looking
for.

And they quietly slip
into the dawn . . .

THE NEW DAWN



A Special Thank You Goes To . . .

This year concludes the first year for Richmond High School to experience Flexible Scheduling and thus, the first year for the Shield Staff to meet three days a week instead of five days a week to produce an annual. This shortening of the time allotted the Staff to meet and work on this yearbook meant that we required much assistance from whoever offered to help. At this time the Staff wishes to show their appreciation to these people:

Capwell's Photo Studio for taking the Senior and Faculty pictures and their promptness in returning the pictures to us.

Mike Smith, Marshall Loskot and Donn Gutierrez for assisting our photographers David Cole and Steve Medina in taking pictures.

Cindy Bowser for writing the great poems which run throughout pages of this book.

The Independent for its sports action pictures and other prints.

Hi-Nus Staff, Katie and the crew who wrote and delivered notices for pictures.

To Principal Elmer McCormick and Harry Ells, for the use of their dark room - for without it, it would have been almost impossible to develop the pictures.

Mr. Dennis DeSilva for taking the color pictures of Senior Gaieties.

The Taylor Publishing Co. and Mr. Fred Dallinger for their professional advice and assistance.

Mrs. Marialyce Lage, cashier, for selling Shields.

Journalism I for their constant assistance in various projects the staff needed done.

All people who supported Save the Shield when the annual was in great need of money.
